ABOUT THE COLLEGE:

P.S.V College of Engineering and Technology (Accredited by the NAAC with Grade 'A') is executed by St.Joan's Educational Trust. The Founder of the Trust, Dr.P.Selvam, is an academican with rich experience in teaching and having achieved an unenviable reputation in this own profession, Dr.P.Selvam, a keen social activist and visionary, felt that he should contribute his might to the betterment of the society as a part of his social commitment. This he felt, could be achieved by promoting Educational Institutions that impart art high quality knowledge at an affordable cost so that the middle class, the less privileged and the underprivileged could get more benefits.

ABOUT THE DEPARTMENT:

The Department has been started during the AY 2009-2010 with an intake of 60 and subsequently was increased to 120 in the year 2011-2012. The objective of Mechanical Engineering Department is to provide high class education enabling the students to have the ability to design, plan, administer and manage the latest technologies in the field of mechanical engineering to face the future challenges.

INTRODUCTION:

Aerospace is the advancement of human technology that enables the travel and exploration of the earth's atmosphere and the surrounding space. The aerospace engineering field covers research and development, design and manufacturing. The aerospace industry is a vital component of national security, providing the military with advanced aircraft, engines, and avionics. This industry is responsible for designing and manufacturing everything from fighter jets and bombers to reconnaissance drones and spacecraft. Students have the chance to work in a variety of fields, such as aircraft research and development (R&D), as well as handling rockets and rocket launchers, which require maintenance, monitoring, and quality control.

Respected Sir,

Sub: Inviting as Resource person for a National level Workshop -Reg.

We wish to introduce ourselves that our P.S.V. College of Engineering and Technology is one of the leading institutions in Krishnagiri district. As a part of Curriculum we would like to conduct a National level Workshop on "Aerospace Technologies for the Future" in association with 5TN Air Sqn Tech NCC on 14.10.2023 for all the Mechanical Engineering students and NCC Cadets. We request you to kindly accept this invitation to share your valuable knowledge about Aerospace technologies and its job opportunities for the welfare of the students to enhance their skills.

Hence I request you to solicit this function in a grand manner with your valuable presence.

The aerospace industry has undergone a remarkable transformation over the years, revolutionizing the way we explore the skies and beyond. From the early days of aviation to the modern era of space exploration, technological advancements have played a pivotal role in shaping the future of aerospace.

The Objectives of the workshop was to discuss the exciting developments, challenges, and opportunities that lie ahead in the aerospace industry. The resource person explored the impact of new technologies, the growing focus on sustainability, the rise of emerging markets, the importance of a skilled workforce, the prospects of commercial space exploration, the defense and military applications, and the regulatory and ethical considerations that will shape the future of aerospace.

The Resource person Discussed the following topics:

- Introduction to the Evolution of Aerospace Industry
- Technological Advancements Shaping the Future of Aerospace
- Emerging Markets and Global Collaboration in Aerospace
- Challenges and Opportunities in Aerospace Workforce Development
- Commercial Space Exploration and Tourism Prospects
- Defense and Military Applications in Aerospace
- Regulation, Policy, and Ethical Considerations for the Future of Aerospace
